

JONATHAN TAYLOR

A proactive, enthusiastic, detail-oriented computer science graduate with 7 years of experience in Java as well as several years of experience in other languages. I am a great listener who loves people. I thrive in teams as well as when I am alone. Those on GitHub and Stack Overflow can attest to this.

EXPERIENCE

Jan 2020 — Sep 2020 | Student AV/Tech Assistant | Troy University

- Setting up equipment for events on campus

2020 | Auburn Hackathon | Auburn, AL

- creating a game in C++ that disturbs PC functionality

EDUCATION

**Troy University,
Troy, Alabama
May 2022**

Bachelor of Science
Computer Science
Minor in Cyber Security
GPA: 3.3

RELEVANT SKILLS

**Conversational French
GitHub**

Git (Version Control)

Java [Very Proficient] (7 years)

Spring Framework
Maven
JavaFX
JUnit

C++ [Some Proficiency]

Win32
Windows.h

Python [Some Proficiency]

Selenium
scapy
browsermob proxy

SQL

HTML

CSS

JavaScript

IDEs:

IntelliJ
PyCharm
Microsoft Visual Studio
Visual Studio Code
